

Dear New Elizabethan,

I have been at your school for over two months now and I can see so many positive changes in myself, this is the happiest I ever felt since I moved here.

<u>WHAT I STRUGGLED WITH:</u>	<u>WHAT I CAN NOW DO:</u>
Not being in school for over a year	Being in school
Communication	Improvement in communication
Anxiety in participating in any group activities	Eager to participate in groups
Anxiety in dog walking/being near dogs	Dog walking/being around dogs
Speaking in front of everyone	Speaking in front of people and presenting my work
Sitting at the dining table with everyone	Sitting at the dining table & making positive contribution

I can do all these things now and this is all because of my key worker, the staff, the Head Teacher and the Deputy.

New Elizabethan has been rated GOOD but in my opinion, my school should be rated OUTSTANDING. The staff support is great, the teachers and 1:1 meet all needs and they provide a safe, caring environment. They protect and safeguard every individual as much as they can and for me it's definitely a 10 out of 10.
