Description of trip:

As an end of term teambuilding trip, all pupils participated in an adrenaline filled activity; Go Ape Adventure. This included many obstacles such as: memorising the correct way of releasing the safety harnesses, facing fears of incredible heights and the leap of faith to complete the heart-wrenching zip wire. The pupils had shown incredible teambuilding skills by encouraging each other when the ropes got very high. This allowed pupils to be resilient and refuse to give up!

After a delicious pre packed picnic, pupils and staff members joined together to complete teambuilding challenges. This involved great communication and patience from everybody.

Quotes:

“My adrenaline is pumping.”

“I’m fine. I’m fine.
Please tell me I’m
fine.”

“Left. Right. Left. Right.”
