

Cambian Wisbech: Duke of Edinbugh Volunteering and Expedition

date: 18.06.21

The start of this term we have been volunteering at Lynn House, clearing a parcel of land in preparation for the arrival of some animals that will be housed there.

Duke of Edinburgh Award

The students have been volunteering at Lynn house as part of their volunteering section of the DofE award. Each student has worked incredibly hard to get the land as cleared as possible, from cutting down trees, to weeding and raking leaves.

They also built a compost bin and filled two skips full of rubbish.

The compost bin has been built using large pallets, secured together using screws and laid into a troff that was dug by the students

Duke of Edinburgh Bronze expedition

This term, students will undertake their DofE bronze expedition. This is a 6hr walk a day, for two days with one night camping. Day 1 will be a walk from March to Denver, and day 2 will be a walk from The Lincolnshire main drain to Wisbech

The students helped plan the locations for the walk, and even looked at appropriate campsites for us. After the students complete this, they will gain their Duke of Edinburgh bronze award, which is equivalent to two grade 3 GCSE's.
