

Outcomes:

Crazy Golf:

- To achieve the lesson goal given to us by teacher
- To socialise with peers and adhere to fair play
- Teamwork through games played by students and staff

Tiger woods? Not today... Wisbech school are here to play!

Blackbeard’s Adventure golf was the venue for a nail biting and close game of crazy golf, contested by our year 8’s, taking on an experienced staff team of Keenan and James. The first course saw the pupils warm up with a below **par** performance. A few **fores**, no **birdies** but a family of ducks to cheer us on. The **green** was good, the shots were **rough** and after the first 9 holes, the pupils were in first place with staff unfortunately lagging. On the second course the year 8 students were now truly warmed up and lowering their **par**. Apparently, James teaches sport but this was not evident as his **par three** dropped to **par five**. So, all down to the last hole... and consistency payed off. Whilst the gather crowds waited in anticipation, the pupils calculated the overall scores and mean values. With a steady performance throughout, Keenan took the victory, followed by ‘**the bunker master**’, ‘**the chipper**’, and ‘**the caddie**’, collectively known as the year 8’s. With James ‘**the knee knocker**’ coming in last place, the staffs **par** score dropped and the year 8’s won. After a gruelling hour of intense play, it was ice cream time and refreshments. All had a great time and are ready for the upcoming Canadian open if anyone fancies sponsoring us?
