FURTHER RESULTS

4 x Food Technology at BTEC Level 2	4 x ASDAN Animal Care - Pass
1 x ICT at BTEC Level 1	2 x ICT at BTEC Level 2

LOOKING TO THE FUTURE

- One of our Post 16 students and one year 11 student have moved onto Rodbaston College to study aspects of animal care. They have taken different routes to get there but have both worked so hard to achieve the qualifications they needed.
- Another student sat and passed all of his exams. Despite being an exemplary cook, he had his heart set on completing a mechanics course. Despite a bus and a train ride, he now attends a main stream college course full time.
- One of students, with a real interest in Science, went onto mainstream college to study Applied Science Level 2 but shortly after starting realised that he was going to be able to cope with a Level 3 Qualification and has had the courage to switch courses.
