

### This Week:

- Pumpkin Carving
- Day of the Dead
- Animal and Plant Cells
- Exam Week

HAPPY HALLOWEEN

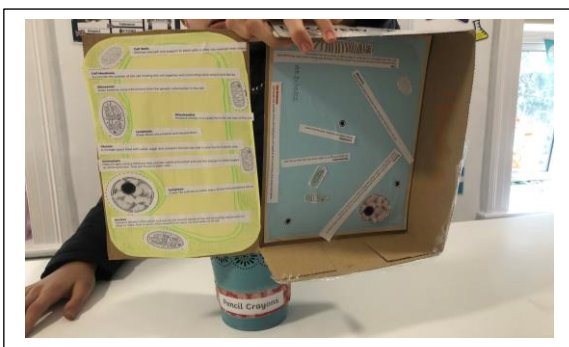

We have had a spooky time this week! Halloween on Monday was a day to get creative, with our students and staff carving their own pumpkins! The final fabulous results were taken home by staff and put on proud display for all the Trick or Treaters!

We have learnt about the Mexican Holiday of 'Day of the Dead' with students learning Spanish phrases, decorating sugar skulls and trying their hand at finding Spanish words in some very complicated word searches! Pupils found the words in record time, beating staff!

In Science the pupils have been learning about plant and animal cells, completing their own displays for the classroom walls

Pupils have had a very successful exam week, putting in lots of hard work and revision and ready for a well-deserved rest over the weekend!

"Hocus Pocus!  
Don't forget to  
Focus!!" A.M

"Our pumpkins  
look Fang-tastic!"
