- Social interaction

Description of trip:

Today the Smarties team took a trip to Norfolk Lavender. Whilst there they were able to walk round the Lavender gardens and also got chance to pet some of the animals. All the children took an interest in the reptile sanctuary, where they were given the chance to hold and pet different snakes. All the children left with big and cheerful smiles and they all requested to come and visit Norfolk Lavender again!

Overall brilliant day, well done Smarties!

Quotes:

This has been the best day EVER!.

Look at that snake!!

Can we come back here again, please?
