LUFTON COLLEGE CLINICAL TEAM

Lufton College offers a range of specialist support through a team of highly qualified advisors and therapists. This leaflet provides an overview of each of these.

MEET THE CLINICAL TEAM

Art's / Music Therapist Michael Angus

My focus is to use music as a clinical intervention to aid people with their physical and psychological well-being, using a plethora of therapeutic technique to help students express themselves in their own individual way. If you feel a student that you work with could benefit from having music therapy I welcome referrals.

Email: Michael.Angus@cambianguroup.com

Anna Eldridge Registered General Nurse

My role is to support the students' medical needs, both physically and emotionally. I oversee the daily health needs of the students and work with both care and education on all issues and information relating to a young person's medication and health management. I apply physical health checks as required, attend to minor injuries, offer advice and support to both students and staff regarding any health concerns. Promoting good health which includes eating, hygiene, immunisations, mental well-being, contraception and maintaining a healthy lifestyle is one of my key roles that I see as a multi-disciplinary approach and one that hopefully we can all work together to achieve.

Jenny Law Speech and Language Therapist

My focus is on maximising each student's ability to communicate functionally. I want it to be easier for students to express themselves, to know what's happening and to understand the people around them - now and in the future. I am passionate about Augmentative and Alternative Communication (AAC) methods, and using Inclusive Communication practices to enable students and staff to genuinely understand each other.

Email: Jennifer.Law@cambianguroup.com

Hollie Earley Occupational Therapist

My job is to support students with their functional ability and activities of daily living [work, leisure, self-care]. I am part of the whole college team supporting students to engage in motivational and meaningful activities that maximise their quality of life. I can offer recommendations, training, advice and guidance to staff and young people. I am trained in Sensory Integration, Movement Method and Attention Autism.

Email: Hollie.earley@cambianguroup.com

Integrated Therapy Assistant Hannah Jagger

My role as Therapy Assistant consists of supporting my clinical colleagues, students and staff teams. This includes sessions, groups, embedding learning and role modelling various therapeutic interventions, observing methods to support with communication, emotional well-being and function during times of education and care.

Email: Hannah.Jagger@cambianguroup.com

Tracy Rowan Personal Development Advisor

My aim is to help develop students' understanding around relationships and sexual health. I develop resources to support students understand how their feelings, emotions and bodies work and can provide accessible information that helps strengthen awareness of personal safety, dignity and self-respect. I offer guidance and support to staff who are supporting students that may be engaging in sexual relationships. I support the Clinical, Education and Care teams by developing resources modified for individual learning.

Email: Tracy.Rowan@cambianguroup.com

Mick Taylor Behaviour Support Practitioner

My role is to provide support to staff at the college to develop and implement Positive Behaviour Support strategies to enable students to meet their full potential whilst studying at Luffon. I develop PBS Plans in conjunction with students, staff teams and families that aim to minimise the impact of behaviours of concern and provide students with the skills to meet their needs without putting themselves or others at risk. I work with two qualified Positive Behaviour Support coaches who support me in my role. Our aim is for Positive Behaviour Support to be embedded at all levels in the college.
