

Outcomes:

- To Explore and learn
- Behave well in public
- To learn about the gardens and sculptures

Description of trip:

Today Smarties class took a trip to Burghley House. We wandered through the garden of surprises and explored the sculpture garden. There was lots of space and hidden gems to keep the children entertained all morning.

The students worked together to escape the mirror maze and loved making a splash in the water features.

Hidden in amongst the gardens was a wooden play area for the students to burn off the last of their energy before heading back to school.

Quotes:

This slides really scary, but I'm going to do it

Look at all these beautiful flowers

The mirror maze is awesome
