

Tallships Come to Hartlepool

The Hartlepool Tall Ships event saw thousands flock to the town to take in the spectacle, including our Hartlepool Cambian school.

40 ships were located in the town's marina in what is one of the biggest free events in the UK. The Tall Ships have returned to Hartlepool for the first time in 13 years as part of a five-stage race.

The North East marks part two of the journey following on from Den Helder in the Netherlands, Fredrikstad and Arendal in Norway will follow.

Students made the most of activities put on including taking a view of the Tallships high up in the Ferris wheel, different activities with the armed forces such as paint balling, bungee run, strength competition, experiencing what it's like to sit in a Helicopter and Speed boat, whilst also competing in an Escape room challenge. Different street foods were also enjoyed by all.

Overall a great experience for everyone and hopefully we will see them return in the future.
