

Outcomes:

- To Explore and learn
- Behave well in public
- Pumpkin patch and pumpkin carving

Description of trip: This week we went to our local pumpkin patch. The choice was overwhelming. Big pumpkins, little pumpkins, white pumpkins, orange pumpkins, blue pumpkins, pointy pumpkins and bumpy pumpkins. So many to choose from. We could each choose just one pumpkin to take back to school with us and then carve our chosen design. We took home 5 large pumpkins and 3 mini pumpkins called ghords. After lunch we carved our pumpkins. We started by making the lid. Then we had to scrape the middle out. It was horrible. Orange gunk. There were these white things in there. Our teacher told us these were the pumpkin seeds and we could dry these out and plant them to grow our own pumpkins. Our finished pumpkins looked awesome and the best bit was that we got to take them home. We had one pumpkin left to carve and that was the class pumpkin. Our teaching assistants are doing that pumpkin. We've asked for a Flamingo pumpkin!

Quotes:

I'm calling mine plumpkin!

I've got the biggest pumpkin ever.

They have ghost pumpkins.
