AIMS

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Cambian aims to provide a fully accessible curriculum for all of its pupils. The majority of pupils at school will have some form of disability relating to learning, emotional and behavioural difficulties. We have an approach which embraces elements of the education and care allowing us to provide access to a wide academic, social and personal curriculum. We aim to increase physical and cognitive access to all areas of schooling.

The school has set the following priorities-

1. to continually develop an active, inclusive approach to curriculum delivery
2. to increase the quality of the teaching and learning giving our pupils the best chance of success for life after school

Most pupils coming to us will come with an EHCP. From this information and information gathered during initial assessments we will formulate an Individual Education Program. We therefore have an effective system of knowing the pupil's abilities and limitations and addressing them through a specialised curriculum. Each pupil will have their progress and needs reviewed regularly from an education, therapy and a residential care perspective. This information will be collaborated and developed into a package which best suits the individual's needs. We have a high level of staff to pupil ratio which may include enhanced support to meet the needs of the individual pupil and their physical or cognitive ability. Any physical disabilities which may exclude the individual from any aspect of life at school will be identified and addressed as a priority.

Red Rose School has a commitment and will take responsibility for any physical changes to the school environment that may be needed upon the referral and admission of a pupil with a physical disability.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.
