

Outcomes:

- Learning and understanding
- Trying different food
- Diversity
- Creativity
- Gaining knowledge
- Enjoyment
- Social skills

Description: On Wednesday 01/12/2021 students looked in to the Hanukkah celebration which is a Jewish festival. Students explored the history and traditions of Hanukkah and the meaning of Hanukkah. Students engaged in a music lesson related to the Hanukkah celebration and they used instruments to recreate traditional music - 'Chanukah'. Students created individual stained-glass windows in their art lesson. The stained-glass window may be seen in some synagogues, which are a Jewish place of worship. Synagogue means to 'bring people together'. For lunch students enjoyed a buffet of a traditional broccoli pie dish and roasted vegetables.
