

## Trip to the UK's first Dairy Expo

Cambian Whinfell School were lucky enough to be invited to the UK's first Dairy Expo! at the H&H Land and Estates Auction Mart in Carlisle.

Young people had the opportunity to meet lots of exhibitors and find out about careers in the dairy sector, as well as lots of hands-on activities including inseminating a cow!

We asked lots of interesting questions and showed a positive and inquisitive attitude, which earned us lots of money to spend in the real-life cattle auction to end the day, at an auction house that has sold the most prize-winning cows than any other auction mart in the UK!
