

Home Tree School – Flip Out School Trip

Young people and staff at Home Tree School celebrated the end of the autumn term at Peterborough's Flip Out activity centre. We had a brilliant time trampolining, climbing through a soft play, working together through a ninja obstacle course and much more. Particular highlights for all that attended include the inflatable slide and the ninja Wipeout where we had to work together standing on individual podiums whilst avoiding a rotating inflatable arm.

As you can see from the pictures below, we all had a brilliant time playing together and behaved fantastically in a social environment (staff included).
