- Wellbeing.

Description of trip: This week our trip was to The Lido. Peterborough Lido, initially known as the Corporation Swimming Pool, opened in 1936 and is a well-preserved Art Deco lido, one of the few remaining in the UK. It was a beautiful summer day, so perfect to enjoy the outdoor pool. We quickly got changed and were eager to get in the pool. It was a little cool, but we soon warmed up. We armed up by doing some swimming in the Olympic sized pool. It was so long! Then our teacher taught us how to do a tumble turn at the wall. For break we had a treat from the café, sharing some chips and enjoying a vanilla ice cream cone. No time to waste, so we quickly got back in the pool. We played a game of tag, then went to the deep end to learn how to dive. After a few belly flops we could do the perfect dive. We enjoyed a nice hot shower before getting changed. Thank you Cambian – the trip was 10/10! We can't wait to return.

Quotes:

"Can we come back here again?"

"I'm eating my ice cream quickly.... So I can have more time in the pool"

"That was 10/10"
