

Outcomes:

- To Explore and learn.
- Behave well in public.
- Enjoy a cycle around the forest.

Description of trip: This week we went on a trip to High Lodge in Thetford to go biking. We set off on the green trail and headed to the pump track. The sun was shining and school is nearly out. We felt like it was a celebration of our year together as Flamingos. We enjoyed cycling around and taking in the peacefulness of the forest. A few of us had a go on the blue trail and enjoyed the jumps and chicanes we had to navigate. It was so hot though, so an ice-cold drink at lunch was required to go with our picnics. We spent some time playing on the play area after lunch, before returning to pump track for a final go on our bikes. It was lovely to return to school as we have moved classrooms and we are enjoying organising our new room ready for the new academic term in September. Thank you Cambian for another enjoyable trip.

Quotes:

"To the pump track"

"It is such a hot day"

"My bike is a Trek,
Marin"
