

Outcomes:

HAVE FUN!!!

Today we travelled all the way to Kettering for our end of term trip, which was a very exciting one..... We went to Wicksteed theme park. There was a mixture of small rides for the less adventurous and big roller coasters for the thrill seekers.

We split in to groups and worked our way around the park, coming back together for a picnic on the lawn.

Time went so fast, as it does when you are having fun and was a fabulous last trip before the summer holidays

Quotes:

I want to find the scariest ride

Can I go on that ride again

Can come here again?
