

Bronze DofE

Feat. Connor, Katie, Dylan B, Josh, Alex W

What is Bronze DofE?

Bronze DofE is the expedition of the first stage of DofE, which is then followed by the later stages of Silver and Gold which are longer. Usually a Bronze DofE includes a sleepover within the night, however due to our teacher wanting to make it more accessibly for students so we didn't do any sleeping.

Over the course of two days we walked about 21.5 miles, as we had a detour due to the fact a bridge was closed so our walk had been extended to more than we had thought. Working together we used our navigation skills and sense of direction to learn how to get through the New Forest and not get lost. Due to our very trusting group leader Josh.

A lot of us enjoyed this expedition and are ready to do silver next year, waiting for the next challenge. Not wanting to stop.

The students put together a short video of the highlights from their expedition. Click the link below to watch!
