

The much-anticipated Sports Day was held on the 16th July 25 at Marshland Hall, bringing together students, teachers, parents, carers and siblings for a day full of energy, competition, and fun.

The day kicked off with a welcome and a motivational speech by our Head Teacher Tawanda. Participants from various classes and houses eagerly lined up for the days events.

A variety of competitions were conducted including egg and spoon, relay, three-legged race, and sack race. The enthusiasm and spirit displayed by all the students were remarkable. Each event was closely contested, with winners collecting stickers and everyone getting a medal for participation at the end.

We concluded the days sporting events with a Parent/carers race as well as a staff race, in which the students shouted louder than we had ever heard before!

The event successfully fostered a spirit of healthy competition and camaraderie. It also emphasized the importance of regular exercise and sports in leading a balanced life.

I'm sure the event left everyone looking forward to the next year.

Quotes:

We had better come first!

Look at all my stickers!

This is the most fun I've had in ages!
