

## Cambian Wisbech School trip report

### Outcomes:

- Budgeting skills
- Walking in public
- Social and emotional well being
- Learning about Halloween and how its celebrated

At 9:15 Dragons went shopping to get their snacks ready for the film day. After completing their shopping which helped develop budgeting skills as each child was given £2 to buy what they want we returned to school at around 9:45. We prepared our class for a film day and give children their snacks. We decided to watch "Monsters house" (PG) as Halloween is coming up and our children were in the mood for a "spooky movie" which links for our cultural day coming up The Day of the Dead / Halloween. Dragons learned about Halloween and how its celebrated. Dragons really enjoyed watching Monsters House as well as eating their snacks 😊 After the movie ended Dragons had a discussion about the movie and what they the liked / disliked about it. Dragons had a class discussion about how Halloween is celebrated at their house which was lovely to hear about. This film day was a lovely experience for the children as they could relax after a week full of work and socialise with their class mates.

### Quotes:

This movie wasn't scary at all

"Film days are fun

"We should have film days more often"
