

Thinking Back...Looking Forwards!

As we head towards the end of the second half term of the new academic year, it's hard to believe that the Spring Hill Summer Showcase was held over 3 months ago!

This time, our end of academic year showcase offered parents an opportunity to meet with prospective employers and further education providers at our first ever Careers Fair! Parents and their children took full advantage of the event and we look forwards to working with our new partners to support next step choices for our prospective 2026 cohort of leavers.

Spring Hill has a strong and lasting reputation of supporting students into Post 16 education provision, which supports their vocational aspirations. We are fortunate to have our own independent careers advisor who works at school every Friday to provide individual guidance and advice to students and their parents. Here are some examples of destinations and courses our most recent KS4 and Post16 leavers have successfully transitioned in to:

Level 3 Music Performance and Production at the Academy of Contemporary Music, Guildford - [Leading Music & Games Dev Courses/Degree | ACM Music School](#)

Level 3 Cyber Security at Leeds College - [Leeds City College](#)

Level 2 and Level 3 Art and Design courses at York College - [Home | York College & University Centre](#)

Level 2 Music at Bishop Auckland College - [Courses - Bishop Auckland College](#)

Level 1 agriculture at Askham Bryan - [Land-Based and Agricultural College in York | Askham Bryan](#)

S. Price – November 2025
