

SPOOKTACULAR

Our spooky spectacular students have been busy in the run up to their haunted Halloween this year here at Hartlepool School, by

creating their own T-shirt prints. Some students created their T-shirts in the style of pop art whilst others created their T-shirt with the Mexican Day of the Dead masks.

One learner decided to create his print of his dog.

We designed our prints in the classroom, then took a trip to the local printing store, where our learners experienced and took part in the printing process of creating their very own spooky spectacular T-shirt.
