

Cambian Beverley School - Accessibility plan for the period August 2025 – August 2026**Legal Status:**

- Special Educational Needs and Disability Act (SENDA)
- Equality Act (2010) and The Public Sector Equality Duty (2011)

Our school Strategy:

- Our school strategy is to address and comply with the requirements of the Disability Discrimination Act 1995 and the Special Educational Needs and Disability Act (SENDA), as amended.

This accessibility plan applies to:

- the whole school inclusive of activities outside of the normal school hours;
- All staff (teaching and support staff), the proprietor and volunteers working in the school.

Availability:

- This policy is made available to staff on the school shared drive and to students/parents/guardians/carers on request.

Monitoring and Review:

- This policy will be subject to continuous monitoring, refinement and audit by the Headteacher.
- The Proprietor undertakes an annual review of this policy and of the efficiency with which the related duties have been discharged, by no later than one year from the date shown below, or earlier if changes in legislation, regulatory requirements or best practice guidelines so require.

Signed:

Date: August 2025

Suzanne Mulligan

Headteacher

Jeremy Wiles
Group Executive Director – Children's Services

Introductory statement

Cambian Beverley School are committed to providing an environment which values and includes all students, staff, parents/guardians/carers and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are further committed to challenging attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Student Profile

Cambian Beverley School is a DFE registered, co-educational independent specialist provision for young people aged 9 to 18 who have emotional and social difficulties. Alongside this they may have other needs or diagnoses, including mental health, ADHD, ADD, ASD, Attachment Disorder, challenging behavior and other difficulties. Most of our young people are referred to us and funded through local authorities. The majority of our students will have a Statement of Special Educational Needs or an Education Health Care Plan. Others may be undergoing assessments. Cambian Beverley School is committed to continuing to adjust reasonably to allow disabled students to access educational provision at our school. We anticipate that the ability range of the young people is on a continuum from those with moderate learning difficulties through to gifted and talented.

Background:

Cambian Beverley School layout and facilities:

The school is situated all on one level, however there are a number of separate buildings some with stepped access. Facilities include: classrooms, a kitchen, an ICT suite, library, therapy rooms and outside areas. There is access for young people and adults who may use a wheelchair to some areas but not all. There is also a disabled access toilet.

We welcome young people where we are able to provide appropriate provision to manage their disabilities and enable them to become as personally adequate, socially competent and independent as their potential will allow. We plan, over time, to increase the accessibility of provision for all students, staff and visitors to the school in the following areas. We are determined to further develop our expertise and facilities to meet the needs of these young people.

Targets:

Our targets are:

- to always look for and consider ways to increase the extent to which disabled students can participate in the school curriculum;
- to have in place contingency plans for students who have returned to school after an accident or illness, enabling them to have full access to the curriculum;
- to continually aim to improve the physical environment in order to increase the extent to which disabled students can take advantage of education and associated services;
- To improve the delivery of written information to students, staff, parents/guardians/carers and visitors with disabilities, whenever required.

Strategies:

The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:

- Admissions Policy
- Accessibility Policy
- Health and Safety Policy
- Special Educational Needs Policy.

Special Educational Needs - Code of Practice

It is opportune that this provision coincides with the implementation of major reforms with regard to young people and young people with special educational needs. We are determined to stay at the cutting edge of provision for young people and young people who are placed in our school. We ensure ongoing liaison with organisations that are able to offer specialist advice and training and complete an accessibility audit to identify where physical, curriculum and communication adjustments should be.

Timeframe

- Links with disabled groups and organisations, along with those able to offer specialist advice, are to be ongoing;
- Continued Professional Development will be prioritised and ongoing.

Anticipated Outcomes

- Adapted curriculum, electronic or other materials;
- Modified teaching delivery;
- Provision of additional services, if they are to be required, such as electronic and hard copy information being in the parents/guardians/carers first language and in braille if required.

Success Criteria

- Anticipated Outcomes in Place, with the school over the next three years being wholly accessible in curricular, premises and communication terms to all the people who may be served by it.

Welcoming and Preparing for Disabled Students

Where it is practicable we make reasonable adjustments to enable prospective students to take up a place at the school and satisfy the current admissions criteria. The school is committed to providing these reasonable adjustments. In order to meet the needs of disabled students, the school requires full information. The school asks all local authorities seeking admission for an individual to the school to disclose whether the young person has any disability or other condition or educational need of which the school should be aware. In assessing a student or prospective student, the school may need to take advice and require assessments as appropriate. The school will be sensitive to any issues of confidentiality.

Main priorities

Increasing the extent to which disabled learners can participate in our curriculum:

- Inclusive teaching and learning styles
- Learner grouping and peer interaction
- Participation in sporting and cultural activities
- Curriculum content and structure
- Curriculum planning
- ICT across the curriculum
- Individual timetables with personalised learning
- Teaching resources and materials with training on how to use them
- Assessment strategies and examination, accreditation and vocational opportunities
- Classroom organisation and behaviour support
- Participation in evening and weekend activities
- Participation in educational visits
- Deployment of learning support staff
- Flexible, responsive timetabling

Improving the physical environment of the school to increase the extent to which disabled learners can take advantage of education and associated services:

We want to make the building accessible to as many people as possible; adjustments have, and will continue to be made to accommodate anyone with physical access needs. We have disabled toilets at our education site. Any new buildings and refurbishments will take full regard of the Equality Act and current building regulations.

Improving the delivery to disabled learners of information that is provided in writing for learners who are not disabled:

We will continue to provide and enhance provision for access to information through:

- DVD, Audio, and other applications of ICT
- Adapted teaching materials
- Use of plain English, key words and take regard of needs where English is not the first language
- Signs and Symbols
- Sharing successful practice
- Staff training delivered by specialists e.g. Speech and Language and Occupational Therapists

| Target | Tasks | Timescale | Responsibility | Monitoring | Success Criteria |
