

Pass the PEDALL festival 2025

PEDALL is an organisation who provides inclusive cycling in the New Forest with the aim of making cycling available to everyone

They have a diverse fleet of specialist cycles with options to suit all needs

Young people from Hill House love going out into the forest each week for the PEDALL cycling sessions

This year a group of young people from Hill House took part in the `Pass the PEDALL` event

This was a one day fundraising community event where everyone could join in. Riders passed the PEDALL baton cycling round the track aiming for a collective target of 1,407 kilometres – the distance from Lands End to John O’Groats!

This was a sponsored event where all proceeds went to PEDALL to help them to continue to bring cycling to all!

Everyone was very excited to arrive, piling out of the minibus to jump on their bikes

Off they went with such excitement and thoroughly enjoying the ride

There was much pedalling and lots of laughter as the group were cheered on by family and friends

With tired (and slightly wobbly!) legs, the group left their bikes to receive their medals and special event t – shirts, feeling so proud of their achievements

Then it was ice creams all round!

The event was a lovely way to involve Hill House in their local community, keep fit and also raise important funds for such a worthwhile cause

Hill House raised £445.00 which was kindly match funded by CareTech to £990.00

Well done everyone!!!
