1. Aims

Our schools aim to ensure that all personal data collected about staff, pupils, parents, proprietors, visitors and other stakeholders is collected, stored and processed in accordance with the General Data Protection Regulation (GDPR) and the provisions of the Data Protection Act 2018 (DPA 2018).
This policy applies to all personal data, regardless of whether it is in paper or electronic format.

This policy is intended to cover data protection compliance in accordance with the General Data Protection Regulations, 2018, and the Data Protection Act 2018 across all schools within CareTech Children's Services. The schools are as follows:

- Linton School, ROC Northwest.

This policy will sit under the corporate framework for GDPR as implemented by CareTech Community Services, and will address those considerations and approaches to data protection specific to schools. The CareTech Data Protection policy can be found on our website at www.lintonschool.lancs.sch.uk

2. Legislation and guidance

This policy meets the requirements of the GDPR and the provisions of the DPA 2018. It is based on guidance published by the Information Commissioner's Office (ICO) on the GDPR and the ICO's code of practice for subject access requests.

In addition, this policy complies with regulation 5 of the Education (Pupil Information) (England) Regulations 2005, which gives parents the right of access to their child's educational record.

In addition, this policy complies with the corporate framework for CareTech Community Services plc.

3. Definitions

Term	Definition
Personal data	Any information relating to an identified, or identifiable, individual. This may include the individual's: • Name (including initials) • Identification number • Location data • Online identifier, such as a username It may also include factors specific to the individual's physical, physiological, genetic, mental, economic, cultural or social identity.
Special categories of personal data	Personal data which is more sensitive and so needs more protection, including information about an individual's: • Racial or ethnic origin • Political opinions • Religious or philosophical beliefs • Trade union membership • Special Educational Needs • Biometrics (such as fingerprints, retina and iris patterns), where used for identification purposes • Health – physical or mental • Sex life or sexual orientation

Processing	Anything done to personal data, such as collecting, recording, organising, structuring, storing, adapting, altering, retrieving, using, disseminating, erasing or destroying. Processing can be automated or manual.
Data subject	The identified or identifiable individual whose personal data is held or processed.
Data controller	A person or organisation that determines the purposes and the means of processing of personal data.
Data processor	A person or other body, other than an employee of the data controller, who processes personal data on behalf of the data controller.
Personal data breach	A breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to personal data.

4. The Data Controller

Our schools process personal data relating to parents, pupils, staff, governors, visitors and others, and therefore are a **data controller**.

CareTech is registered as a data controller with the ICO and will renew this registration annually or as otherwise legally required.

5. Roles and responsibilities

This policy applies to **all staff** employed by our schools, and to external organisations or individuals working on our behalf. Staff who do not comply with this policy may face disciplinary action.

5.1 Governing board

The proprietor board has overall responsibility for ensuring that our schools comply with all relevant data protection obligations.

5.2 Data protection officer

At a company level, the Group Data Protection Officer (DPO) is responsible for overseeing the implementation of corporate policy, monitoring our compliance with data protection law, and developing related policies and guidelines where applicable.

They will provide an annual report of their activities directly to the board and, where relevant, report to the board their advice and recommendations on school data protection issues.

The DPO is also the first point of contact for individuals whose data the school processes, and for the ICO.

Full details of the DPO's responsibilities are set out in their job description.

Our **DPO** is contactable via data.protection@caretech-uk.com **/ 01707 601800**
The company has also appointed a **Senior Information Risk Officer, Amanda Sherlock** (amanda.sherlock@caretech-uk.com). Report any suspicious activity to cyber.incident@caretech-uk.com

5.3 Head Teacher
The nominated individual for data control in each school is the Head Teacher, acting as the representative of the data protection officer on a day-to-day basis. The nominated individual is responsible for the implementation of the school's Data Protection Policy, and ensuring compliance with the policy within the school.

5.4 All staff
Staff are responsible for:

- Collecting, storing and processing any personal data in accordance with this policy
- Informing the school of any changes to their personal data, such as a change of address
- Contacting the nominated individual/DPO in the following circumstances:
- With any questions about the operation of this policy, data protection law, retaining personal data or keeping personal data secure
- If they have any concerns that this policy is not being followed
- If they are unsure whether or not they have a lawful basis to use personal data in a particular way
- If they need to rely on or capture consent, draft a privacy notice, deal with data protection rights invoked by an individual, or transfer personal data outside the European Economic Area
- If there has been a data breach
- Whenever they are engaging in a new activity that may affect the privacy rights of individuals
- If they need help with any contracts or sharing personal data with third parties

6. Data protection principles

The DPA 2018 is based on data protection principles that our school must comply with.
The principles say that personal data must be:
a) Processed lawfully, fairly and in a transparent manner;
b) Collected only for specified, explicit and legitimate purposes, and processed only in line with those purposes;
c) Adequate, relevant and limited to what is necessary in relation to the purposes for which it is processed;
d) Accurate and, where necessary, kept up to date;
e) Not kept in a form which permits identification of individuals for longer than necessary, in relation to the
purposes for which it is processed;

f) Kept secure, and protected against unauthorised or unlawful processing, and against accidental loss,
destruction or damage.

This policy sets out how the school aims to comply with these principles.

a) make all reasonable efforts to ensure that individuals who are the focus of the personal data (data subjects) are informed of the identity of the data controller, the purposes of the processing, any disclosures to third parties that are envisaged; given an indication of the period for which the data will be kept, and any other information which may be relevant.
b) ensure that the reason for which it collected the data originally is the only reason for which it processes those data, unless the individual is informed of any additional processing before it takes place.
c) not seek to collect any personal data which is not strictly necessary for the purpose for which it was obtained. Forms for collecting data will always be drafted with this mind. If any irrelevant data are given by individuals, they will be destroyed immediately.
d) review and update all data on a regular basis. It is the responsibility of the individuals giving their personal data to ensure that this is accurate, and each individual should notify the Company if, for example, a change in circumstances mean that the data needs to be updated. It is then the responsibility of the Company to ensure that any notification regarding the change is noted and acted on.
e) undertakes not to retain personal data for longer than is necessary to ensure compliance with the legislation, and any other statutory requirements. This means the Company will undertake a regular review of the information held and implement a weeding process. The Company will dispose of any personal data in a way that protects the rights and privacy of the individual concerned (e.g. secure electronic deletion, shredding and disposal of hard copy files as confidential waste).
f) only process personal data in accordance with individuals' rights (these rights are listed below). All members of staff are responsible for ensuring that any personal data which they hold is kept securely and not disclosed to any unauthorised third parties. The Company will ensure that all personal data is accessible only to those who have a valid reason for using it.
g) have in place appropriate technical and organisational security measures to safeguard personal information; ensure that personal information is not transferred to countries outside of the United Kingdom without notifying the Data Protection Officer and that suitable safeguards are in place.

7. Collecting personal data

7.1 Lawfulness, fairness and transparency

We will only process personal data where we have one of 6 'lawful bases' (legal reasons) to do so under data protection law:

- The data needs to be processed so that the school can **fulfil a contract** with the individual, or the individual has asked the school to take specific steps before entering into a contract
- The data needs to be processed so that the school can **comply with a legal obligation**
- The data needs to be processed to ensure the **vital interests** of the individual e.g. to protect someone's life

- The data needs to be processed so that the school, as a public authority, can perform a task **in the public interest,** and carry out its official functions
- The data needs to be processed for the **legitimate interests** of the school or a third party (provided the individual's rights and freedoms are not overridden)
- The individual (or their parent/carer when appropriate in the case of a pupil) has freely given clear **consent**

For special categories of personal data, we will also meet one of the special category conditions for processing which are set out in the GDPR and Data Protection Act 2018.

If we offer online services to pupils, such as classroom apps, and we intend to rely on consent as a basis for processing, we will get parental consent where the pupil is under 13 (except for online counselling and preventive services). If we believe a pupil to be over the age of 13, we will seek confirmation of date of birth from the parent prior to allowing that young person to give consent.

Whenever we first collect personal data directly from individuals, we will provide them with the relevant information required by data protection law.

7.2 Limitation, minimisation and accuracy
We will only collect personal data for specified, explicit and legitimate reasons. We will explain these reasons to the individuals when we first collect their data.

If we want to use personal data for reasons other than those given when we first obtained it, we will inform the individuals concerned before we do so, and seek consent where necessary.

Staff must only process personal data where it is necessary in order to do their jobs.
When staff no longer need the personal data they hold, they must ensure it is deleted or anonymised. This will be done in accordance with the relevant sections of the Information and Records Management Society's toolkit for schools (**reproduced as Appendix 2**). The toolkit's retention advice pertaining to Section 3: Financial Management, and Section 4: Property Management, will not be applied as these fall within the remit of CareTech's corporate system. Where any conflict arises between the IRMS retention schedule for schools, and the CareTech Data Retention policy, the school will follow IRMS guidance.

8. Sharing personal data

We will not normally share personal data with anyone else, but may do so where:

- There is an issue with a pupil or parent/carer that puts the safety of our staff at risk
- We need to liaise with other agencies – we will seek consent as necessary before doing this
- Our suppliers or contractors need data to enable us to provide services to our staff and pupils – for example, IT companies. When doing this, we will:
    - Only appoint suppliers or contractors which can provide sufficient guarantees that they comply with data protection law

- Establish a data sharing agreement with the supplier or contractor, either in the contract or as a standalone agreement, to ensure the fair and lawful processing of any personal data we share
- Only share data that the supplier or contractor needs to carry out their service, and information necessary to keep them safe while working with us

We will also share personal data with law enforcement and government bodies where we are legally required to do so, including for:

- The prevention or detection of crime and/or fraud
- The apprehension or prosecution of offenders
- The assessment or collection of tax owed to HMRC
- In connection with legal proceedings
- Where the disclosure is required to satisfy our safeguarding obligations
- Research and statistical purposes, as long as personal data is sufficiently anonymised or consent has been provided

We may also share personal data with emergency services and local authorities to help them to respond to an emergency situation that affects any of our pupils or staff.

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

9. Subject access requests and other rights of individuals

9.1 Subject access requests

Individuals have a right to make a 'subject access request' to gain access to personal information that the school holds about them. This includes:

- Confirmation that their personal data is being processed
- Access to a copy of the data
- The purposes of the data processing
- The categories of personal data concerned
- Who the data has been, or will be, shared with
- How long the data will be stored for, or if this isn't possible, the criteria used to determine this period
- The source of the data, if not the individual
- Whether any automated decision-making is being applied to their data, and what the significance and consequences of this might be for the individual

Subject access requests must be submitted in writing, either by letter, email or fax to the CareTech DPO. They should include:

- Name of individual
- Correspondence address

- Contact number and email address
- Details of the information requested

If staff receive a subject access request they must immediately forward it to the school's nominated individual, who will then forward it to the DPO.

9.2 Children and subject access requests

Personal data about a child belongs to that child, and not the child's parents or carers. For a parent or carer to make a subject access request with respect to their child, the child must either be unable to understand their rights and the implications of a subject access request, or have given their consent.

Children aged 12 and above are generally regarded to be mature enough to understand their rights and the implications of a subject access request. Therefore, most subject access requests from parents or carers of pupils at our school may not be granted without the express permission of the pupil. This is not a rule and a pupil's ability to understand their rights will always be judged on a case-by-case basis.

9.3 Responding to subject access requests

When responding to requests, we:

- May ask the individual to provide 2 forms of identification
- May contact the individual via phone to confirm the request was made
- Will respond without delay and within 1 month of receipt of the request
- Will provide the information free of charge
- May tell the individual we will comply within 3 months of receipt of the request, where a request is complex or numerous. We will inform the individual of this within 1 month, and explain why the extension is necessary

We will not disclose information if it:

- Might cause serious harm to the physical or mental health of the pupil or another individual
- Would reveal that the child is at risk of abuse, where the disclosure of that information would not be in the child's best interests
- Is contained in adoption or parental order records
- Is given to a court in proceedings concerning the child

If the request is unfounded or excessive, we may refuse to act on it, or charge a reasonable fee which takes into account administrative costs.

A request will be deemed to be unfounded or excessive if it is repetitive, or asks for further copies of the same information.

When we refuse a request, we will tell the individual why, and tell them they have the right to complain to the ICO.

9.4 Other data protection rights of the individual

In addition to the right to make a subject access request (see above), and to receive information when
we are collecting their data about how we use and process it (see section 8), individuals also have the right to:

- Withdraw their consent to processing at any time
- Ask us to rectify, erase or restrict processing of their personal data, or object to the processing of it (in certain circumstances)
- Prevent use of their personal data for direct marketing
- Challenge processing which has been justified on the basis of public interest
- Request a copy of agreements under which their personal data is transferred outside of the European Economic Area
- Object to decisions based solely on automated decision making or profiling (decisions taken with no human involvement, that might negatively affect them)
- Prevent processing that is likely to cause damage or distress
- Be notified of a data breach in certain circumstances
- Make a complaint to the ICO
- Ask for their personal data to be transferred to a third party in a structured, commonly used and machine-readable format (in certain circumstances)

Individuals should submit any request to exercise these rights to the DPO. If staff receive such a request, they must immediately forward it to the DPO.

10. Parental requests to see the educational record

All our schools are registered as independent schools, and as such, there is no automatic parental right of access to the educational records in this setting.

However, the pupils attending our schools are predominantly children looked after, and as such are subject to a range of court orders placing them within the care of their local authorities, either solely or jointly. Part of our relationship with these third party corporate parents is based in the shared communication of personal data, often sensitive, pertaining to the child, and in order to meet shared objectives and outcomes for that child as part of a multidisciplinary team.

Sharing of personal data with the corporate parent will only be done in compliance with this policy. Information shared will only be that specifically pertaining to the child for whom that local authority have responsibility. Information shared will only be that which is necessary for the local authority to complete their own records for that specific purpose.

Any further subject access requests from the corporate parent / parent will be considered in accordance with this policy, but may not be granted. Each will be considered on a case-by-case basis.

11. Biometric recognition systems

Our schools do not use, nor plan to use, biometric recognition systems.

12. CCTV

Our school do not use CCTV on or around the premises, at any of our locations.

13. Photographs and videos

As part of our school activities, we may take photographs and record images of individuals within our school.
We will obtain written consent from parents/carers, or pupils aged 18 and over, for photographs and videos to be taken of pupils for communication, marketing and promotional materials.

Where we need parental consent, we will clearly explain how the photograph and/or video will be used to both the parent/carer and pupil. Where we don't need parental consent, we will clearly explain to the pupil how the photograph and/or video will be used.
Uses may include:

- Within school on notice boards and in school magazines, brochures, newsletters, etc.
- Outside of school by external agencies such as the school photographer, newspapers, campaigns
- Online on our school website or social media pages

Consent can be refused or withdrawn at any time. If consent is withdrawn, we will delete the photograph or video and not distribute it further.

When using photographs and videos in this way we will not accompany them with any other personal information about the child, to ensure they cannot be identified.

See an individual school's **Safeguarding Policy** for more information on our use of photographs and videos.

14. Data protection by design and default

We will put measures in place to show that we have integrated data protection into all of our data processing activities, including:

- Appointing a suitably qualified school nominated individual, and DPO, and ensuring they have the necessary resources to fulfil their duties and maintain their expert knowledge
- Only processing personal data that is necessary for each specific purpose of processing, and always in line with the data protection principles set out in relevant data protection law (see section 6)
- Completing privacy impact assessments where the school's processing of personal data presents a high risk to rights and freedoms of individuals, and when introducing new technologies (the DPO will advise on this process)
- Integrating data protection into internal documents including this policy, any related policies and privacy notices
- Regularly training members of staff on data protection law, this policy, any related policies and any other data protection matters; we will also keep a record of attendance

- Regularly conducting reviews and audits to test our privacy measures and make sure we are compliant
- Maintaining records of our processing activities, including:
    - For the benefit of data subjects, making available the name and contact details of our school and DPO and all information we are required to share about how we use and process their personal data (via our privacy notices)
    - For all personal data that we hold, maintaining an internal record of the type of data, data subject, how and why we are using the data, any third-party recipients, how and why we are storing the data, retention periods and how we are keeping the data secure

15. Data security and storage of records

We will protect personal data and keep it safe from unauthorised or unlawful access, alteration, processing or disclosure, and against accidental or unlawful loss, destruction or damage.
In particular:

- Paper-based records and portable electronic devices, such as laptops and hard drives that contain personal data are kept under lock and key when not in use
- Papers containing confidential personal data must not be left on office and classroom desks, on staffroom tables, pinned to notice/display boards, or left anywhere else where there is general access
- Where personal information needs to be taken off site, staff must sign it in and out from the school office
- Passwords that are at least 8 characters long containing letters and numbers are used to access school computers, laptops and other electronic devices. Staff and pupils are reminded to change their passwords at regular intervals
- Encryption software is used to protect all portable devices and removable media, such as laptops and USB devices
- Staff, pupils or governors who store personal information on their personal devices are expected to follow the same security procedures as for school-owned equipment **(see our online safety policy/acceptable use agreement)**.
- Where we need to share personal data with a third party, we carry out due diligence and take reasonable steps to ensure it is stored securely and adequately protected (see section 9)

16. Disposal of records

Personal data that is no longer needed will be disposed of securely. Personal data that has become inaccurate or out of date will also be disposed of securely, where we cannot or do not need to rectify or update it.

For example, we will shred or incinerate paper-based records, and overwrite or delete electronic files. We may also use a third party to safely dispose of records on the school's behalf. If we do so, we will require the third party to provide sufficient guarantees that it complies with data protection law.

17. Personal data breaches

In the unlikely event of a suspected data breach, the school will make all reasonable endeavors to ensure that there are no personal data breaches. A personal information breach is a breach of security leading to the accidental or unlawful destruction of personal information; loss, alteration, unauthorised disclosure, or access to personal information transmitted, stored or otherwise processed. If you know or suspect that there has been a personal information breach, you must report it immediately to your line manager and the Data Protection Officer. You must also take action to stop the breach getting worse, for example, by:

- Confirming that an email has been deleted by the recipient following accidental disclosure, or if possible, revoke any further access. b) Recovering lost paper records or any lost device left in a public place. c) Changing the access codes to any compromised building d) Informing IT in the event of any compromised computer or data access or anything suspicious or untoward on your device, applications or network files & folders. e) Disconnecting your device from the network and report directly to IT, if you suspect you are being directly targeted in a cyber-attack.
- A non-anonymized dataset being published on the school website which shows the exam results of pupils eligible for the pupil premium
- Safeguarding information being made available to an unauthorised person
- The theft of a school laptop containing non-encrypted personal data about pupils

18. Training

All staff and governors are provided with data protection training as part of their induction process. Data protection will also form part of continuing professional development, where changes to legislation, guidance or the school's processes make it necessary.

19. Monitoring arrangements

The Regional Lead / DPO are responsible for monitoring and reviewing this policy.
This policy will be reviewed and updated if necessary where any amendments are made to the Data Protection Act 2018. Otherwise this policy will be reviewed **every year**, **May 2027 next review,** implemented in the schools through the Head Teacher, and shared with the schools' governance teams.

20. Links to other policies

This data protection policy is linked to our schools':

- Safeguarding Policy
- Online Safety Policy
- Acceptable use of ICT Policy
- Staff Conduct Policy
- Complaints Policy

Appendix 1: Personal data breach procedure

This procedure is based on guidance on personal data breaches produced by the ICO.

- On finding or causing a breach, or potential breach, the staff member or data processor must immediately notify the DPO
- The DPO will investigate the report, and determine whether a breach has occurred. To decide, the DPO will consider whether personal data has been accidentally or unlawfully:
    - Lost
    - Stolen
    - Destroyed
    - Altered
    - Disclosed or made available where it should not have been
    - Made available to unauthorised people
- The DPO will alert the Head Teacher for the relevant school, and the chair of governance (Regional Lead).
- The DPO will make all reasonable efforts to contain and minimise the impact of the breach, assisted by relevant staff members or data processors where necessary. (Actions relevant to specific data types are set out at the end of this procedure)
- The DPO will assess the potential consequences, based on how serious they are, and how likely they are to happen
- The DPO will work out whether the breach must be reported to the ICO. This must be judged on a case-by-case basis. To decide, the DPO will consider whether the breach is likely to negatively affect people's rights and freedoms, and cause them any physical, material or non-material damage (e.g. emotional distress), including through:
    - Loss of control over their data
    - Discrimination
    - Identify theft or fraud
    - Financial loss
    - Unauthorised reversal of pseudonymisation (for example, key-coding)
    - Damage to reputation
    - Loss of confidentiality
    - Any other significant economic or social disadvantage to the individual(s) concerned

  If it's likely that there will be a risk to people's rights and freedoms, the DPO must notify the ICO.
- The DPO will document the decision (either way), in case it is challenged at a later date by the ICO or an individual affected by the breach. Documented decisions are stored by the DPO, on the Company's secure server, and shared with the Head Teacher / Head of Education Services where appropriate.
- Where the ICO must be notified, the DPO will do this via the 'report a breach' page of the ICO website immediately. As required, the DPO will set out:

  - A description of the nature of the personal data breach including, where possible:
    - The categories and approximate number of individuals concerned
    - The categories and approximate number of personal data records concerned
  - The name and contact details of the DPO
  - A description of the likely consequences of the personal data breach
  - A description of the measures that have been, or will be taken, to deal with the breach and mitigate any possible adverse effects on the individual(s) concerned

- If all the above details are not yet known, the DPO will report as much as they can. The report will explain that there is a delay, the reasons why, and when the DPO expects to have further information. The DPO will submit the remaining information as soon as possible
- The DPO will also assess the risk to individuals, again based on the severity and likelihood of potential or actual impact. If the risk is high, the DPO will promptly inform, in writing, all individuals whose personal data has been breached. This notification will set out:
  - The name and contact details of the DPO
  - A description of the likely consequences of the personal data breach
  - A description of the measures that have been, or will be, taken to deal with the data breach and mitigate any possible adverse effects on the individual(s) concerned
- The DPO will notify any relevant third parties who can help mitigate the loss to individuals – for example, the police, insurers, banks or credit card companies
- The DPO will document each breach, irrespective of whether it is reported to the ICO. For each breach, this record will include the:
  - Facts and cause
  - Effects
  - Action taken to contain it and ensure it does not happen again (such as establishing more robust processes or providing further training for individuals)

  Records of all breaches will be stored by the DPO on the Company's secure server.
- The DPO and Head Teacher will communicate to review what happened and how it can be stopped from happening again. This communication will happen as soon as reasonably possible.

Actions to minimise the impact of data breaches

We will take the actions set out below to mitigate the impact of different types of data breach, focusing especially on breaches involving particularly risky or sensitive information. We will review the effectiveness of these actions and amend them as necessary after any data breach.

Sensitive information being disclosed via email (including safeguarding records)

- *If special category data (sensitive information) is accidentally made available via email to unauthorised individuals, the sender must attempt to recall the email as soon as they become aware of the error*
- *Members of staff who receive personal data sent in error must alert the sender and the DPO as soon as they become aware of the error*
- *If the sender is unavailable or cannot recall the email for any reason, the DPO will ask the ICT department to recall it*

- *In any cases where the recall is unsuccessful, the DPO will contact the relevant unauthorised individuals who received the email, explain that the information was sent in error, and request that those individuals delete the information and do not share, publish, save or replicate it in any way*
- *The DPO will ensure we receive a written response from all the individuals who received the data, confirming that they have complied with this request*
- *The DPO will carry out an internet search to check that the information has not been made public; if it has, we will contact the publisher/website owner or administrator to request that the information is removed from their website and deleted.*

Appendix 2: Retention Schedule

Management of the School

This section contains retention periods connected to the general management of the school. This covers the work of the Governing Body, the Headteacher and the senior management team, the admissions process and operational administration.

1.1 Governing Body					
	Basic file description	Data Prot Issues	Statutory Provisions	Retention Period [Operational]	Action at the end of the administrative life of the record
1.1.1	Agendas for Governing Body meetings	There may be data protection issues if the meeting is dealing with confidential issues relating to staff		One copy should be retained with the master set of minutes. All other copies can be disposed of	SECURE DISPOSAL[1]
1.1.2	Minutes of Governing Body meetings	There may be data protection issues if the meeting is dealing with confidential issues relating to staff			
	Principal Set (signed)			PERMANENT	If the school is unable to store these then they should be offered to the County Archives Service
	Inspection Copies[2]			Date of meeting + 3 years	If these minutes contain any sensitive, personal information they must be shredded.
1.1.3	Reports presented to the Governing Body	There may be data protection issues if the report deals with confidential issues relating to staff		Reports should be kept for a minimum of 6 years. However, if the minutes refer directly to individual reports then the reports should be kept permanently	SECURE DISPOSAL or retain with the signed set of the minutes
1.1.4	Meeting papers relating to the annual parents' meeting held under section 33 of the Education Act 2002	No	Education Act 2002, Section 33	Date of the meeting + a minimum of 6 years	SECURE DISPOSAL

1 In this context SECURE DISPOSAL should be taken to mean disposal using confidential waste bins, or if the school has the facility, shredding using a cross cut shredder.

2 These are the copies which the clerk to the Governor may wish to retain so that requestors can view all the appropriate information without the clerk needing to print off and collate redacted copies of the minutes each time a request is made.

1.1 Governing Body					
	Basic file description	Data Prot Issues	Statutory Provisions	Retention Period [Operational]	Action at the end of the administrative life of the record
1.1.5	Instruments of Government including Articles of Association	No		PERMANENT	These should be retained in the school whilst the school is open and then offered to County Archives Service when the school closes.
1.1.6	Trusts and Endowments managed by the Governing Body	No		PERMANENT	These should be retained in the school whilst the school is open and then offered to County Archives Service when the school closes.
1.1.7	Action plans created and administered by the Governing Body	No		Life of the action plan + 3 years	SECURE DISPOSAL
1.1.8	Policy documents created and administered by the Governing Body	No		Life of the policy + 3 years	SECURE DISPOSAL

5. Pupil Management

This section includes all records which are created during the time a pupil spends at the school. For information about accident reporting see under Health and Safety above.

5.1 Pupil's Educational Record					
	Basic file description	Data Prot Issues	Statutory Provisions	Retention Period [Operational]	Action at the end of the administrative life of the record
5.1.1	Pupil's Educational Record required by The Education (Pupil Information) (England) Regulations 2005	Yes	The Education (Pupil Information) (England) Regulations 2005 SI 2005 No. 1437		
	Primary			Retain whilst the child remains at the primary school	The file should follow the pupil when he/she leaves the primary school. This will include: • to another primary school • to a secondary school • to a pupil referral unit • If the pupil dies whilst at primary school the file should be returned to the Local Authority to be retained for the statutory retention period. If the pupil transfers to an independent school, transfers to home schooling or leaves the country the file should be returned to the Local Authority to be retained for the statutory retention period. Primary Schools do not ordinarily have sufficient storage space to store records for pupils who have not transferred in the normal way. It makes more sense to transfer the record to the Local Authority as it is more likely that the pupil will request the record from the Local Authority
	Secondary		Limitation Act 1980 (Section 2)	Date of Birth of the pupil + 25 years	SECURE DISPOSAL
5.1.2	Examination Results – Pupil Copies	Yes			
	Public			This information should be added to the pupil file	All uncollected certificates should be returned to the examination board.
	Internal			This information should be added to the pupil file	

5.1 Pupil's Educational Record					
	Basic file description	Data Prot Issues	Statutory Provisions	Retention Period [Operational]	Action at the end of the administrative life of the record
	This review took place as the Independent Inquiry on Child Sexual Abuse was beginning. In light of this, it is recommended that all records relating to child abuse are retained until the Inquiry is completed. This section will then be reviewed again to take into account any recommendations the Inquiry might make concerning record retention				
5.1.3	Child Protection information held on pupil file	Yes	"Keeping children safe in education Statutory guidance for schools and colleges March 2015"; "Working together to safeguard children. A guide to inter-agency working to safeguard and promote the welfare of children March 2015"	If any records relating to child protection issues are placed on the pupil file, it should be in a sealed envelope and then retained for the same period of time as the pupil file.	SECURE DISPOSAL – these records MUST be shredded
5.1.4	Child protection information held in separate files	Yes	"Keeping children safe in education Statutory guidance for schools and colleges March 2015"; "Working together to safeguard children. A guide to inter-agency working to safeguard and promote the welfare of children March 2015"	DOB of the child + 25 years then review This retention period was agreed in consultation with the Safeguarding Children Group on the understanding that the principal copy of this information will be found on the Local Authority Social Services record	SECURE DISPOSAL – these records MUST be shredded

Retention periods relating to allegations made against adults can be found in the Human Resources section of this retention schedule.

5.3.1	Special Educational Needs files, reviews and Individual Education Plans	Yes	Limitation Act 1980 (Section 2)	Date of Birth of the pupil + 25 years	REVIEW NOTE: This retention period is the minimum retention period that any pupil file should be kept. Some authorities choose to keep SEN files for a longer period of time to defend themselves in a "failure to provide a sufficient education" case. There is an element of business risk analysis involved in any decision to keep the records longer than the minimum retention period and this should be documented.
5.3.2	Statement maintained under section 234 of the Education Act 1990 and any amendments made to the statement	Yes	Education Act 1996 Special Educational Needs and Disability Act 2001 Section 1	Date of birth of the pupil + 25 years [This would normally be retained on the pupil file]	SECURE DISPOSAL unless the document is subject to a legal hold
5.3.3	Advice and information provided to parents regarding educational needs	Yes	Special Educational Needs and Disability Act 2001 Section 2	Date of birth of the pupil + 25 years [This would normally be retained on the pupil file]	SECURE DISPOSAL unless the document is subject to a legal hold
5.3.4	Accessibility Strategy	Yes	Special Educational Needs and Disability Act 2001 Section 14	Date of birth of the pupil + 25 years [This would normally be retained on the pupil file]	SECURE DISPOSAL unless the document is subject to a legal hold
