

A Little Kindness Goes a Long Way!

Young people making a difference in our community

At Whinfell, we love seeing our young people making a difference, and this lovely story is a perfect example!

When one of our young people spotted a mud kitchen that was no longer being used, he had a wonderful idea: why not give it a new home where other children could enjoy it?

With the help of staff, the mud kitchen was donated to Sunnybrow Nursery, ready for more muddy adventures and imaginative play!

Our young person went along to deliver it, representing Whinfell beautifully. He was polite, thoughtful and mature when meeting the nursery staff, and even offered to help carry it into its new home!

We could not be prouder of his kindness, initiative and generosity.

A new home for the mud kitchen!

Small gestures. Big difference. The Whinfell spirit!
