### Admission Policy

At Purbeck View School we are registered to care for and educate children with from the age of 7 to 19 years of age with autism, complex learning difficulties and associated behaviours. No child is refused entry on the grounds of race, ethnicity, gender, religion or sexual orientation. We require confirmation of the date of birth of a child and the child's unique pupil number from the local authority.

## Student Profile

Our school provides 38 and 52 week residential placements for students of both sexes aged 7+ with autism, complex learning difficulties and associated behaviours. Our interventions focus on education, stabilisation of behaviour and daily living skills.

We work to enable our students to achieve greater independence, self-advocacy and the confidence they need to pursue a brighter future. Purbeck View gives access to the full National Curriculum at an appropriate level through skill-based learning and a vocational life skills curriculum for older students. Our students are assessed on a termly and an annual basis and reports are sent to parents and authorities on progress achieved.

The Principal will consider whether the school has sufficient staffing in terms of number and experience to manage such admission both in terms of the individual young person's needs and respect of the potential impact that the admission may have on existing group dynamics. In line with Children's Homes (England) Regulations 2015, the

Registered Person ensures that children are admitted to the home only if their needs are within the range of needs of children for whom it is intended that the home is to provide care and accommodation, as set out in the home's Statement of Purpose.

### Admission

The Registered Person (Vice Principal – Care) ensures that arrangements are in place to ensure the effective induction of each child into the home, to manage and review the placement of each child in the home and to plan for and help, each child to prepare to leave the home or to move into adult care in a way that is consistent with arrangements agreed with the child's placing authority.

The young person's details are entered into the School admissions register and accompanying information filed. The young person will be shown around the school and introduced to the staff and other young people. An individual timetable will be discussed, taking into account of the young person's age, aptitude and ability.

Initial assessments will be carried out within the first three months from admission and a copy of the results will be discussed at an initial review meeting with the placing authority and parents and team involved in the education and residential settings.
