

## British Art

In the art session students looked at the sculptor Henry Moore. They looked at the beautiful bronze sculptures that he created, like the one below!

The students then took some giant blocks of clay and created their own fantastic sculptures in the style of Henry Moore.

## British Cultural Day- Anglia Way

On Wednesday 28<sup>th</sup> April the pupils at Anglia Way all took part in British Cultural Day. It was a fantastic opportunity for everyone to share their own lived experiences but also reflect on what we really know about our own culture.

Everyone took part in each activity session which ranged from British food and artwork to our fundamental British values and history. Everyone left the day feeling that they had learnt something new about their own culture but had also been able to share some prior knowledge!

## Traditional British Food

Students also took part in a session on traditional British food! They discussed classic British meals and the seasons in which our food is produced.

Students were slightly bewildered to see the cheese rolling contest which takes place in Gloucester on the Spring bank holiday. We didn't have the giant cheese blocks so they raced each other with Babybels across the playground instead!

Quotes:

'I can't believe St. George killed a dragon!' - BK

'I am covered in flour!' - AK

'The cheese rolling proved that British people are a little bit crazy' - CB

## Afternoon Tea

Anglia Way saw the creation of a fabulous traditional Afternoon Tea, baked and created by Sam and AK! The making and baking of all the sausage rolls, scones and sandwiches allowed AK to complete her Foodwise course in her Life Skills lesson and it was so impressive to see just how much AK could create in one day and her wide variety of cooking skills!

We ate lots and lots of egg, ham and cheese sandwiches, crispy sausage rolls (vegetarian options too) and beautiful cakes and scones with jam and cream. Everyone went home feeling very full- yum!

### A History of Britain!

A huge task but with some help and discussion the students managed to create a timeline of British history as shown below- all the way from prehistoric times to a modern-day Britain!

### The Patron Saints

Our patron saints St. Andrew, St. David, St. George and St. Patrick were all up for discussion too and pupils played a game of pin the patron on the map which was great fun!

### Fundamental British Values

Pupils also focused on the fundamental British values and how they uphold these within their own lives. They had lots of conversations around the fact that everyone is different and how we must respect one another and encourage individual liberty!
