

This Week:

- Welcome back
- Ready, Respectful, Safe
- PE - Fishing
- Attendance matters

Welcome to the new academic year

Firstly, may we take this opportunity to welcome everyone back after the summer holiday period; we hope that everyone is well rested and ready for the new academic year.

This year we will be sharing our activities weekly with you through our online newsletter which will be emailed out to all of our community members. We are really looking forward to sharing with you all the activities that are taking place and the learning we are completing.

We have started our year reflecting on our previous year and considering our values and the expectations within our school community for both students, staff and our wider community.

Our school expectations are: **Ready, Respectful, Safe**. Students were keen to share how they thought these applied across our school not only to themselves but also to us as a staff team as well as in our wider community. We would welcome any thoughts and input you have too, what do these words mean to you? What might they mean to others? Why are these important for our school?

This year our first half term PE activity is Fishing as chosen by our students: they had a great first session and were proud of their catches both big and small. This half term, students will be working towards Unit Awards and Open Cast Skills awards, structured developmental programme in fishing techniques, waterside safety and ecology, the preparation and maintenance of equipment, communication, numeracy, team building and interpersonal skill

One of our focuses this year is attendance. We all know that good attendance has a positive impact on not only education outcomes but also future prospects.

We are here to help, if you would like to discuss **attendance support**, please do give us a call. The school number is **01617637072**.

“That’s a big fish!!”
