PERSONAL ACHIEVEMENTS

One Student showed great resilience in maintaining her education in the face of many difficult, personal challenges.

One student was only with us for 2 terms, but demonstrated excellent skills in organising himself.

LOOKING TO THE FUTURE

One student's grades have allowed her to enter further education. She will be continuing her studies and has support in place to access the facilities available to her.

One Student has been employed over the Summer in an office and has had an extremely successful experience, where his work ethic and organisational skills have been highly praised. He has now moved out of the area and is being supported into further education.
