Hill House School

Cambian
International School

Edition #47 2022

Promoting happy, healthy and sustainable living at Hill House and beyond.

INVESTING IN OUR PLANET

The theme for this year's Earth Day back in April was, "Invest in our Planet." As individuals, we have the simple yet effective power to make our voices heard through our choices, our actions, and our personal interactions. What each of us does, and how we do it, has a huge ripple effect on our planet's natural systems, and on the pace of corporate and government action. The young people at Hill House are making their voices heard at every opportunity and making changes every day to invest in the future of our planet.

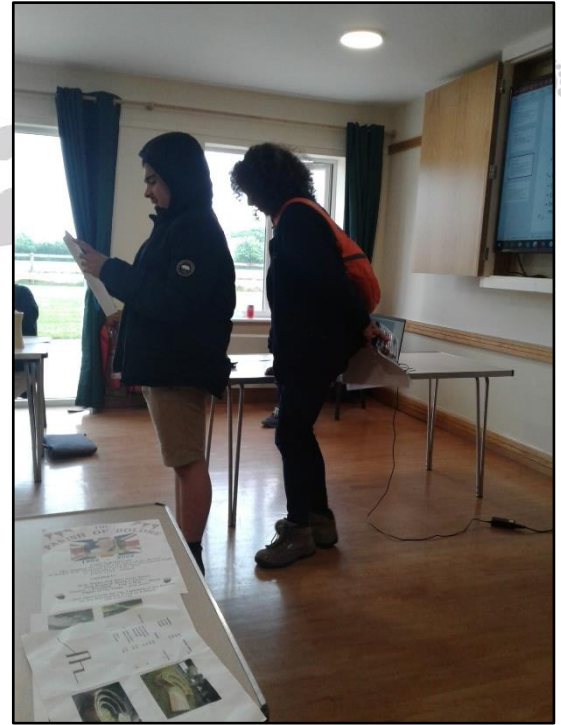

From forming the Hill House Eco Committee and creating an Eco Code with posters.

... to presenting to the Local Parish Council at a meeting.

As well as simple things like turning off the lights, TVs, taking showers instead of baths...

| will | turn | the TV | off |

... and planting trees for the Queen's Green Canopy as part of the Platinum Jubilee Celebrations.

All of our young people are playing their part, having their voices heard, and making a difference!
