

Outcomes:

Team Games:

Take part in Rounders, Kick Rounders, Basketball, Football and a Shoot out

Work effectively in different teams

Learn new games and skills

Participate well in all games played

To improve team dynamics, personal fitness and to play a variety of fun games, staff and students took part in a mammoth Team Games trip on Monday the 5th of June. First stop, Wisbech Rugby Club! **Rounders** - staff and pupils worked in pairs accumulating their scores. It started off as fun but ended up very competitive. AK dived for base line points, SJ was hitting rounders out of the park, VD was sprinting to stay in and SA was swinging her bat like a swarm of bees were attacking, and to good effect. We then moved on to **kick rounders** which was new to them but they loved it. Again, high energy and effort and everyone trying to score two consecutive headers to get the team out. The moment of the game was a SA, BK header rally which saw VD and SJ out, but still victorious. Next, we changed venue and played **basket ball** at the Hudson. First, it was a girl v boy shoot out in free throws which resulted in a close result of 11-10 to the boys. Then it was mixed teams with VD, BS and BK highlighting their basketball skills. Finally, we finished with mixed **football**. To be fair, the group were tired but kept on playing albeit no one really kept score, it was more fun watching SJ repeatedly skilling JAW. The group had a great time, they worked together, scored runs, baskets and goals, learnt new skills and slept well that night!

Quotes:

"I thought you taught PE James?"

AK

"Please can I run bare foot, I'm like a missile without shoes on" SA

"I know the boys won but the girls free throws were much nicer to watch" SOG
