

Outcomes:

- Working as a team.
- Hand Hygiene.
- Working on confidence.
- Overcoming fears.
- Talking to the animals.

Description of trip:

Today Smarties Class Travelled to South Angle Farm for the morning, the Students did amazing on their long journey to Ely. We arrived to a car park at the Old Tiger Stables to be told that we were at the wrong place and had to travel two minutes longer down the road. The Students thought this was really funny! They were all excited and eager to feed and stroke the animals at the farm. During the walk around we saw Goats, Sheep, Chickens, and Horses. We also went inside the Reptile Room and saw some Tarantulas, Bearded Dragons and Tortoises. The children also got the chance to sit on a tractor. We ended our day eating lunch in the garden Greenhouse before heading back to school.

Quotes:

Will the Animals bite me?

Can we go on the tractor?

They have eaten all the food?
