

School Council Election

Scarborough School have elected new school councillors to represent the student body.

Five candidates ran for office, giving speeches to the rest of the school on how they would help to make school a better place. Secret voting took place and 2 candidates were elected to

represent the school.

The first council meeting will take place within the next 2 weeks so councillors will be busy collecting ideas from peers to put forward.

School council meetings are valuable resource to get to hear student voice. We have already implemented suggestions from last meeting such as getting a basketball net and more laptops for school.
