

Outcomes:

- To Explore and learn.
- Behave well in public.
- To bond as a group.
- To complete a key worker meeting with our adult.

Description of trip: Our first trip back and we decided to go to one of our favourite places, Welney WWT. It is such a peaceful and tranquil place here and it always makes us feel calm. We started by watching the birds in the observatory. When we were there, there were lots of people there looking very interested in a rare species of duck. One lady let us look through her binoculars to have a look. We spent some time chatting over a tasty treat with our key worker. This was really helpful as we could share anything which was causing us to feel anxious. We enjoyed the activities on offer. These included completing a jigsaw, word searches and colouring. We shared a game of giant noughts and crosses. It was great to bond together in our new group. Thank you Cambian! Next week we are going to Ferry Meadows.

Quotes:

"Thank you
Cambian"

"They have found a
rare duck"

"It is so peaceful here"
