

Outcomes:

- To Explore and learn.
- Behave well in public.
- Team building

Today Minnows and Dolphin class had a last-minute change of plan as the weather was expected to be a bit wet, so instead we took a drive to Safari soft play in Peterborough for our 'Experience Day' trip. This was a complete success and some great friendships and memories were made.

The class were able to play together as a group, go off in smaller groups and play independently, the class were mindful and helpful to other smaller children that were also at soft play, it was lovely to see.

After we were finished and all played out, we had lunch and then took a trip to the local pet shop to work out the costings for when we go get our new class fish, before heading back to school for home time.

Quotes:

"Sam come and watch me race"

"who wants to join in my game?"

"this is great fun"
