

Outcomes:

- To Explore and learn.
- Behave well in public.
- Nature walk and team building.

Description of trip: Today's trip was a visit to one of our favourite places, Ferry Meadows. We enjoyed a lovely nature walk spotting all the ducks, geese and swans. They were so beautiful. Lots of people there walking their dogs. It is a dog's paradise with all the open space. We enjoyed a magnum ice cream as we walked around the lake. Our teacher made sure we got in our steps for the day. We walked nearly 2 miles in total. We stopped at the play park and enjoyed competing on the swings to see who could get the highest. It was soon time to head off home. We enjoyed listening to the radio and singing along in the car. Our favourite part of the trip was having our school friend, who is leaving us, join us for the day. We will cherish these great memories forever. We wish him the best of luck in his new home and school! It was great to see him and give him a good send off. Thank you Cambian.

Quotes:

"Friends!"

"Magnum please!"

"Thank you Cambian!"
