

Fresh Perspectives: Students Encounters with Herefordshire Art

Our pupils have started the term with weekly wellbeing sessions. Last Friday, pupils were given the opportunity to walk to the local town to visit two art exhibitions which formed part of h.art (a week-long art event celebrating local artists). Pupils had the chance to examine the art being presented in these galleries which were based in beautiful old buildings, also giving students a first look into gathering inspiration for their upcoming Architecture projects.

The art ranged from watercolour pieces to hand-made jewellery. The artwork displayed also opened up inspiration for their own art and enterprise projects. All pupils showed exemplary behaviour and the excursion ended with milkshakes at a local diner.
