

Thursday 9th October 2025

Cambian Wing College are proud to announce that our Assistant Principal and Head of Education, Magda Lawrence, successfully fought off stiff competition to win the coveted Innovation Award at the recent 10th Anniversary Caretech Awards. Magda works tirelessly ensuring the curriculum offer and quality of education for our students is fantastic and is championing the digitisation of the curriculum to meet the needs of the 21st century work place. She is an inspiration to our team and we are lucky to have the national winner working at the college. Congratulations Magda!
