Descriptions of trip

Anglia Way- Firstly we drove to March train station and we arrived there at 10.45am. Once we got there, we paid for parking and went to the desk and got out return tickets for the Train to Ely.

After we paid for the tickets, we went and looked at the board to see what platform we were on and we were on platform 2 so we walked over the bridge to get to platform 2. Then we waited for the train to departure. Once the train had arrived, we found some seats and was looking at the scenery out of the window.

Then we arrived at Ely train station, and went to Tesco extra in Ely and got some cereal bar and crisps for our refreshments. After we went to Tesco, we walked to the Ely cathedral which was 15-minute walk from the train station.

We arrived at Ely cathedral and it was decorated for Halloween. When we entered the Cathedral, we looked around the building and was learning the history of Ely cathedral.

After we had walked around the Cathedral, we walked back to the train station and had our refreshments together then departed on the train to March. Once we arrived at March train station we went and got into the van and drove back to school.

Quotes:

Come on this drop slide it's scary but fun! EM

That bed looks really small!!
KG

That staircase looks scary however, the house is beautiful. BS
