

Key Stages 3, 4, 5 Curriculum Offer

All of our students are offered a broad and balanced curriculum that equips them not only with the skills but also the experiences required to leave school and live an independent life in adulthood. The table below outlines how many lessons per week of each subject are offered and how many students are on track to achieve which qualifications.

Our curriculum offer at Key Stage 3 broadly reflects the National Curriculum for England.

Our Key Stage 4 curriculum offer encompasses a core element, and in ASDAN a selection of options choices. Students are supported through the selection process ensuring appropriate options choices. In most subjects, opportunities exist for students to access qualifications across a variety of levels depending on prior attainment.

Weekly Lessons						
Subject						
English	3	3	3	3	3	3
Maths	3	3	3	3	3	3
Science	3	3	3	3	3	3
Humanities / R.E.	3	3	3	3	3	3
