

A Trip to The Lions Den

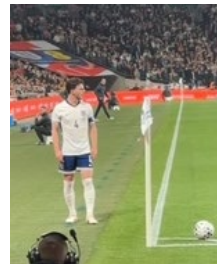

It was another away day for Cambian Hartlepool FC, this time they took to the M1 to head down to the capital for a bit of sightseeing and to watch England Vs Wales at the home of football.

An early start, a few Greggs breakfasts, coffee (for the staff) and they hit the road.

Once in London they started with Big Ben, before taking a trip down the river Thames on the Uber boat, to take in sights of 'Tower Bridge', 'London eye' 'HMS Belfast' (where staff gave kids a little History lesson on the background of the ship) 'Tower of London' and then it was across to Wembley way to take in the pre match build up.

6 seats from the front... the students couldn't believe it when all three goals were scored right Infront of them. We where that close you could smell Declan Rice's deodorant from pitch side.

Another successful trip to Wembley and more memories made for the students, one of whom got to experience London and a football match for the first time in one trip!!
