- 3.8. Provide sufficient First Aiders on the site, to take account of shifts and absences. Cambian's policy is that there should be a minimum of one trained first aider per site.

First Aid Policy and Procedure

- 3.9. Ensure that each first-aider holds a current Certificate of Competence in First Aid Work issued by an accredited organisation. Re-training is required every 3 years, i.e. before the expiry date.
- 3.10. Ensure that where there are 'appointed persons' they receive emergency first aid training (normally 4 hours duration). They should not give first aid treatment. Their role should be limited to maintaining first aid boxes and assisting trained First-Aiders.

Administering first aid

- 3.11. First aid should only be administered by a trained first aider.
- 3.12. For minor injuries which are within the first aider's capability, appropriate treatment should be provided. Otherwise, the injured person should be made comfortable until the emergency services arrive.
- 3.13. Ensure that contaminated waste is safely disposed of and any blood or body fluid spillages are safely removed.
- 3.14. Record any first aid treatment on the accident report form.
- 3.15. Copies of first aid certificates should be systematically filed.

Monitoring

- 3.16. Registered Managers/School Heads will regularly monitor that first aid facilities are being maintained. This is included in the monthly checklist.

Review

- 3.17. This procedure must be reviewed annually or sooner if legislation changes or if there are changes with work processes. Any changes will be communicated to the workforce.
