

Outcomes:

To explore nature.

Behave well in public.

Playing together

We went to High Lodge at Thetford to go for a walk and play on the play park. We all played together on the ramp which was very fun. We all took turns in going on the big slide and the teachers joined.

We all loved to go down the slide and then joined in to try and build a tent using some of the long sticks which we found lying around we scouted for 2 best tree to rest our sticks on and then got building.

Quotes:

Lets build a fort

This is so fun

We should come here
again in the summer
