

Shining Achievement in Lilac Class: Independent Journal Writing Success

This week, during literacy and communication, Lilac Class focused on writing a Journal Entry.

As part of this activity, one of the learners in Lilac Class independently wrote his own journal by carefully copying what the class teacher had written.

This was an absolutely brilliant achievement!

The care, concentration, and effort he showed throughout the task were clear to see, and his determination truly stood out. Completing his own journal entry was a fantastic accomplishment and a significant step in his learning journey.

This wonderful moment made everyone in the school incredibly proud and happy, and it was a joy to celebrate his success together.
