

Kindness Week at Cambian Whinfell School: Community Litter Pick Success

Today, in celebration of Kindness Week, our young people demonstrated their care and respect for the wider community by taking part in a litter pick around the local area.

In less than an hour, they collected an impressive 2kg of litter, helping to keep our environment clean and welcoming. As they worked, many local residents showed their support with encouraging words like "Well done!" and "Keep up the good work!"—which made everyone involved feel proud and motivated.

After the hard work, the group stopped at the local shop to enjoy a well-deserved drink. Each young person chose a delicious milkshake, showing fantastic independence skills while in the shop. The shopkeeper also expressed their appreciation for our thoughtful visitors.

Well done to all the young people for this kind and impactful act of community spirit. It's wonderful to see our young people making a positive difference and embodying the values we hold dear at Whinfell School.
