

Safer Internet Day 2026

Hill House celebrated **Safer Internet Day 2026**

Over the years, Safer Internet Day has become a landmark event in the online calendar and is now celebrated in approx. 170 countries worldwide

This year the theme was **'Smart Tech, Safe Choices – Exploring the safe and responsible use of AI'**

It was all about exploring the impact of AI and looking at how it can be used for good and giving advice and guidance that empowers people to use AI safely and responsibly

Planned activities took place for everyone to take part in and for us here at HHS, the Safer Internet Day was an opportunity to teach our young people how to stay safe online

SAFER INTERNET DAY

**Smart tech, safe
choices – Exploring
the safe and
responsible use of
AI**
