

Hard Work Pays Off!

Congratulations to our Y10 English GCSE students, who have received their assessments results this week. Caroline Day, Vice Principal and English Lead, and Louise Vast, English teacher, undertook a root and branch review of the English and Literacy offering at Spring Hill School at the beginning of the autumn term '25. They tailored it to be even more appealing and exciting to support learners to give of their best and enjoy the stretch and challenge of their GCSE course.

Students have certainly found the refreshed curriculum more engaging and have worked extremely hard to get some fabulous assessment results. From previous assessments in July '25, students have, on average, gained 0.98 of a level with one student surpassing this and attaining 1.4 levels of improvement! Congratulations to our students for achieving some outstanding predictions.

Much work has also been undertaken to support students with their reading and we are currently preparing for our World Book Day Event on Thursday 5th March. Watch this space...!
