

## Outcomes:

- To Explore and learn.
- Behave well in public.
- Enjoy a well-being walk.

Description of trip: This week we returned to the villages of Castle Rising and North Wootton. We started out walking along the same countryside path. This time instead of walking into the village of North Wootton, we decided to go in search of the sand pits where there is a swing. We searched, but after 30 minutes I think we walked the wrong path and decided it was time to head back. It was lovely to venture somewhere new and explore the woods. We all enjoyed the walk and the peaceful atmosphere. It is so lovely to hear the birds chirping and to see more signs of Spring with each passing week. This week we could see the popping up of daffodils. Whilst we sat eating our sandwich, we spotted a muntjac deer. On the way back we had a game of yellow car and we had an in-depth discussion on what constitutes a yellow car. Yellow like a.... daffodil our teacher stated. We all laughed. Next week we're taking colour charts to determine which shades of yellow we accept. Thank you Cambian!

## Quotes:

"There's a muntjac"

"Yellow car"

"The daffodils are so pretty"
